## FOREWORD

This Guide is intended for all electors who vote under the provisions of the *Special Voting Rules*. The Guide enables them to determine the electoral district in which they are qualified to vote at an electoral event. It is published by the Chief Electoral Officer of Canada in accordance with the provisions of the *Special Voting Rules*, Schedule II of the *Canada Elections Act* (s. 12, 13, 64 and 81).

Using the lists it contains, the Guide will also be of use to electoral personnel and the general public in determining the electoral district of specific localities, Indian reserves, Canadian Forces bases located in Canada, college and university level educational institutions, penitentiaries and correctional centres, hospitals and special care institutions, as well as airports.

The Guide is divided into eight chapters, each consisting of an alphabetical list of the names of localities or institutions, followed by the names of the provinces and federal electoral districts in which they are located. The information given in Chapters II, IV, V, VI and VII respectively concerning, Indian reserves, universities and colleges, penitentiaries and correctional centres, hospitals and special care institutions, is also presented by province.

Chapter I, contains an alphabetical list of Canadian localities, and also includes cities that contain more than one electoral district. Street indexes listing street names, addresses and corresponding electoral districts for such urban centres are published separately (see Appendix).

The electoral districts referred to in this Guide are those established by the 1996 Representation Order and will remain in

## AVANT-PROPOS

Le présent guide s'adresse à tous les électeurs et électrices qui votent en vertu des *Règles électorales spéciales*. Le Guide leur permet de déterminer dans quelle circonscription ils sont habilités à voter au moment d'une consultation électorale fédérale. Il est publié par le directeur général des élections du Canada conformément aux dispositions des *Règles électorales spéciales*, annexe II de la *Loi électorale du Canada* (art. 12, 13, 64 et 81).

Grâce aux listes qu'il contient, le guide sera également utile au personnel électoral et au grand public pour déterminer dans quelle circonscription se trouvent les localités données, de même que les réserves indiennes, les bases des Forces canadiennes au pays, les établissements d'enseignement collégial et universitaire, les pénitenciers et centres correctionnels, les hôpitaux et établissements de soins spéciaux, ainsi que les aéroports.

L'ouvrage se divise en huit chapitres, chacun étant constitué d'une liste en ordre alphabétique où l'on retrouve les noms des localités ou des établissements, selon le cas, suivis du nom de la province et de la circonscription fédérale à laquelle ils se rattachent. L'information donnée aux chapitres II, IV, V, VI et VII, portant respectivement sur les réserves indiennes, les universités et collèges, les pénitenciers et centres correctionnels, les hôpitaux et les établissements de soins spéciaux, est en outre regroupée par province.

Le chapitre I comprend une liste, en ordre alphabétique, des localités canadiennes. S'y trouvent également les villes qui renferment plus d'une circonscription. Des indicateurs de rue, énumérant les noms de rue, les adresses et les circonscriptions électorales correspondantes sont publiés séparément pour ces centres urbains (voir l'annexe).

Les circonscriptions indiquées dans le présent ouvrage correspondent à celles proclamées par le décret de représentation

effect for any federal general election called after January 8, 1997 until new federal electoral boundaries go into effect.

By-elections or referendums which *follow* a general election based on the electoral districts established by the 1996 Representation Order would also be based on the electoral districts established by the 1996 Representation Order. By-elections or referendums which *precede* a general election based on the electoral districts established by the 1996 Representation Order would be based on electoral districts established by the 1987 Representation Order.

The data used to prepare this Guide were obtained from Natural Resources Canada's Canadian Geographic Names Database for Chapters I and II, from National Defence for Chapter III, Human Resources Development Canada for Chapter IV, Federal and Provincial Correctional Services Administrations for Chapter V, Statistics Canada for Chapters VI and VII, and Transport Canada for Chapter VIII.

A short version of the Guide, consisting of Chapter I of the complete Guide, is also available. The short version may be ordered directly from Elections Canada.

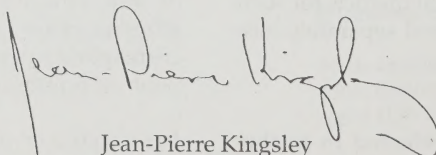

de 1996; elles demeureront en vigueur pour toute élection générale fédérale déclenchée après le 8 janvier 1997, et ce jusqu'à ce que soient proclamées de nouvelles limites de circonscriptions électorales fédérales.

Les élections partielles ou les référendums annoncés *à la suite* d'une élection générale organisée en fonction des circonscriptions électorales résultant du décret de représentation de 1996 se dérouleraient selon les circonscriptions électorales prévues par ce même décret. Les élections partielles ou les référendums survenant *avant* une élection générale devant se dérouler en fonction des circonscriptions électorales prescrites par le décret de représentation de 1996 se dérouleraient toutefois en fonction des circonscriptions électorales définies par le décret de représentation de 1987.

Les données ayant servi à composer le présent guide proviennent de la base de données toponymiques du Canada de Ressources naturelles Canada, pour les chapitres I et II; du ministère de la Défense nationale, pour le chapitre III; de Développement des ressources humaines Canada pour le chapitre IV; des administrations fédérale et provinciales des services correctionnels, pour le chapitre V; de Statistique Canada, pour les chapitres VI et VII; et de Transports Canada, pour le chapitre VIII.

Il existe une version abrégée du présent ouvrage, qui reprend les données du premier chapitre. On peut commander cette deuxième publication directement auprès d'Élections Canada.
